meet.js Summit - March 4, 2026

A web tech and AI community conference in Warsaw, Poland

contact@meetjs.pl

meet.js Summit 2026

The meet.js Summit is a nation-wide **conference** of the JavaScript/Web community in Poland. It is an event that gathers **about 500 web development and AI professionals**, software engineers interested in modern JavaScript ecosystem, web technologies and AI use in software both as a tool to create it and as a feature.

This year we are expanding our focus to **AI for developers** and partnering with the best educators in that area: AI_devs from Brave Courses

summit

what is meet.js?

Our community has been hosting local events for web developers since 2011 – meetups and workshops in **the major business hubs** in the country.

Starting in 2012 we've been organizing a nationwide conference to gather community members from all around Poland.

This year marks the 15th anniversary of meet.js!

All proceeds from the conference go to charity.
**We are partnering with charitable organizations including:**

about the community

In 2025 meet.js was announced **Community of the Year by GitNation** on Global Open Source Award

🏆 #1 **Tech Event Series in Poland** by Crossweb in 2024 & 2025

over **10 thousand** followers on Social media and **15K** of groups members on meetup.com

why sponsor meet.js Summit?

Companies and brands working with meet.js are nationwide industry leaders according to the attendees.

- meet **500 professionals** at your stand,
- get an **opportunity to reach members** of our community of JavaScript and AI enthusiasts in cities all around Poland with your brand and message,
- show **your brand** at one of the most well-established **in-person** web technology events in the country,
- support a **charitable** cause,
- or **advertise your product and ideas** to conference attendees and our community.

The conference is a great opportunity to **build employer brand awareness** and reach some of the **best web development professionals** in the country.

Meet the attendees

You will get a unique opportunity to advertise your company and reach potential candidates or customers in the main lobby of the event.

Technical details:
- approximately 2×3 m area for your exhibit booth with access to electricity and Wi-Fi,
- a table and chairs if you want to avoid bringing heavy items,
- you can bring your exhibit wall, display, banners, exhibit table, leaflet stands or a complete booth/island exhibit.
- if you intend to bring equipment with power requirements higher than laptops or TVs, please talk to us first.

Booth locations will be chosen in the order of payments.
We will not be able to help you in logistics or installation of your booth.

Act here and now – make a real connection in person and get your candidates emotionally engaged from the start!

The meet.js Summit career expo will provide a great opportunity for your representatives to connect with developers and learn about their experience, competences, preferences, and current job situation.
